

Controls for a world in motion

Dear Valued Supplier,

We at Wescon Controls are aware of the growing concerns with the outbreak of Coronavirus (COVID-19) and the potential supply chain disruptions. The pandemic has forced some businesses and organizations to shut down in an effort to slow the spread of the coronavirus. Companies designated as essential may be able to remain open even if there is a "shelter in place" or "stay at home" order given by their state or local government. Last week the Department of Homeland Security issued a statement to help define "essential critical infrastructure workers". You can view that statement here:

<https://www.cisa.gov/sites/default/files/publications/CISA-Guidance-on-Essential-Critical-Infrastructure-Workers-1-20-508c.pdf>

As a Tier 1 supplier to many companies identified as Essential Critical Infrastructure Workforce, Wescon Controls falls under the Critical Manufacturing category. As such, it is our intention to remain operational and continue to supply our customers during the Coronavirus (COVID-19) pandemic.

In an effort to help us plan for our customers, please let us know by end of day March 25, 2020, if your company also falls under a similar designation and will be operating normal hours.

#### ONGOING COMMUNICATION

- This global threat of Coronavirus (COVID-19) is evolving rapidly. Wescon Controls will update you as circumstances demand.

Please contact one of your buyers as necessary: [Laura.Gile@wesconcontrols.com](mailto:Laura.Gile@wesconcontrols.com); [Mercedes.Torres@wesconcontrols.com](mailto:Mercedes.Torres@wesconcontrols.com); [Mike.Kennedy@wesconcontrols.com](mailto:Mike.Kennedy@wesconcontrols.com) or check our website regularly for updates. <http://wesconcontrols.com/>

Sincerely,

Steve Fricker
